DETAILED ACTION / REASONS FOR ALLOWANCE

Remarks

1. Receipt is acknowledged of an amendment on 5/9/2003 and associated RCE on 7/10/2003, each of which has been placed in the file of record, and to which this action is a reply.

Allowable Subject Matter

2. Claims 1-3 are allowed. The following is an examiner's statement of reasons for allowance: The examiner believes agrees with the applicant's arguments (pages 4 and 5 of 5/9/2003 response) that the density of Mowry (US 6,254,007) is measured differently than in the Instant Invention, and that when measured by the same yardstick, the densities are different.
3. If even one noted that Mowry is of the same 'order of magnitude' in terms of density (i.e. 1.2% pixel density is 'in the ballpark') of 2%, it does not appear that Mowry has the goal of achieving invisibility. Since Mowry doesn't suggest any benefit related to invisibility, it is hard to envision motivation for a combination of the density of Mowry with other art except through hindsight.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
